CONCRETE MIXERS

SERIES-HA

Automatic Hydraulic Concrete Mixers Series HA

- Very simple handling. High quality materials.
- Steel gears reducer in oil bath.
- One of the main characteristics of this concrete mixer that makes it unique in the market is the transmission crown of the tank. **This crown is constructed in machined and carved steel, resulting in perfect coupling and rolling between the crown and the pinion of attack** (see photograph).
- Leading brands bearings (SKF, FAG, INA) guarantees a long duration of their mechanisms.
- Scraper blade control by cable (optional).
- Material loading bucket with hydraulic movement.
- Water tank. Water hose for machine cleaning.

Detail of the crown.

Concrete Mixers HA-400 Diesel

Mixing volume	320 Ltr
Weight	945 kg
Height	221 cm
Length	321 cm
Width	172 cm
Diesel Engine LOMBARDINI	10.1 HP

Concrete Mixers HA-400 Electric

Mixing volume	320 Ltr
Weight	945 kg
Height	221 cm
Length	321 cm
Width	172 cm
Drum Motor power	5.5 HP 400 V
Scraper motor power	2 HP 400V

Concrete Mixers HA-750

Mixing volume	600 Ltr
Weight	1200 kg
Height	267 cm
Length	287 cm
Width	204 cm
Drum Motor power	7.5 HP 400 V

High-capacity bucket to make a single load by kneading.
